The Director of Central Intelligence

Washington, D C 20505

Critical Intelligence Problems Committee

DCI/ICS 3881-84  
31 July 1984

MEMORANDUM FOR: Robert Gates  
Chairman, National Intelligence Council

FROM: Eloise R. Page  
Chairman

STAT SUBJECT: Letter of Appreciation [redacted]

STAT 1. I should like to take this opportunity to acknowledge the outstanding  
STAT performance of [redacted] as Chairman of the CIPC CBW Working Group.  
STAT The Critical Intelligence Problems Committee has tentatively approved the  
STAT major recommendations of the study, [redacted]

[redacted] Upon final approval, the study will be forwarded  
to the DCI, and discussed at a future meeting of the National Foreign  
Intelligence Council prior to dissemination to the Intelligence Community for  
implementation.

STAT 2. Initial reactions by those members of the Intelligence Community who  
STAT have reviewed the study have been highly complimentary, stating that it is a  
valuable compendium of ongoing activities and initiatives, [redacted]

STAT 3. The Communitywide Working Group responsible for this study would have  
had difficulty producing such a positive and effective study without the  
benefit of a strong Chairman who had a firm grasp of the institutional  
complexities involved. As Chairman, [redacted] remained focused on the objectives  
of the study. He limited the investigation and discussion to those issues  
which were pertinent to the topic at hand and effectively channeled the  
efforts of the Working Group. He was given stringent deadlines, and succeeded  
in meeting them all.

STAT 4. [redacted] is to be commended for an outstanding job in managing this  
STAT very difficult effort. [redacted]
